

MovieDB - User Guide

Welcome to MovieDB!

Your all-in-one movie discovery and guide platform.

Getting Started

1. Homepage: Navigate to the main screen to see featured movies.
2. Explore Now: Jump straight into browsing movies.
3. Start Downloading: Save movie info or trailers offline.

Features Overview

- Comprehensive Movie Listings: Browse thousands of titles with trailers, ratings, and reviews.
- Latest Updates: Stay in the loop with new releases and trending content.
- Smart Recommendations: Personalized movie picks just for you.

Downloading the App

- Available on iOS, Android, and Windows.
- Click the "Download for Windows" button to get started.
- You can also use the "Download now!" button for an empty file test (for developers).
